# Enhance Knowledge with QV12DA Sample Questions:

## Question: 1

A customer needs a single sign-on QlikView application with field level security. Which fields should be created in the Section Access table?

- a) ACCESS, NTNAME, OMIT
- b) ACCESS, USERID, OMIT
- c) ACCESS, NTNAME, OMITFIELD
- d) ACCESS, USERNAME, OMITFIELD

**Answer: a**

## Question: 2

A business user reports a summary dashboard sheet takes a long time to load. Other sheets perform well. Which should be the first step for a data architect to identify the source of the problem?

- a) Review the Sheet Properties > Performance tab to identify errors and issues with the sheet and/or objects
- b) Run a series of tests and use a timer to capture the time that the sheet takes to render each time it is opened
- c) Review the settings for each object in the summary dashboard sheet to identify complex calculations
- d) Review the Sheet Properties > Objects tab to identify the calculation time and memory use of each object

**Answer: d**

## Question: 3

A data architect analyzes daily transaction data and wants to reduce the current reload time with the following requirements:

- The application must show five years of data including the current year
- The data is loaded from yearly QVDs except for the current year
- The current year data is obtained directly from the database

Which two options can reduce the reload time? (Select two.)

- a) Load a smaller period of data directly from the database
- b) Load all data directly from the database
- c) Reduce the number of rows loaded into the application
- d) Reduce the granularity of the data
- e) Remove columns from the data model that are NOT required

**Answer: a, e**

**Question: 4**

A customer has data for a variety of sales teams. Each sales team should only be able to view its own data. How should a data architect set up Section Access to meet this requirement?

- a) Link the NTNAME to the Sales Team field in the initial data reduction
- b) Link the NTNAME field to the Sales Team field in the initial data selection
- c) Create a single USERNAME for each team and link USERNAME to the SalesTeam field in the initial data reduction
- d) Create a single USERID for each team and link USERID to the SalesTeam field in the initial data selection

**Answer: a**

**Question: 5**

Financial managers need to analyze their monthly data on the first day of the following month. However, NOT all of the transactions are entered into the source system on time.

When the managers look at the data later in the month, the results no longer match data from the first of the month. The managers need to be able see both views of the data.

Which two data modeling techniques can be used to meet the requirements?

(Select two.)

- a) Create a field to identify the on time and late transactions
- b) Load only the late transactions in another application
- c) Use a bookmark to show the view of the first day of the month
- d) Create a second application that only loads on the first day of every month
- e) Create a QVD to show a snapshot of the data from the first of the month

**Answer: a, e**

**Question: 6**

A sales manager wants a bar chart showing a distribution of the deals displayed in \$250 intervals of the profit margin.

Which dimension and expression should a data architect use?

- a) Dimension: =OrderID  
Expression: =Class (Margin, 250, 'Margin' )
- b) Dimension: =class (OrderID, 250, 'Margin' )  
Expression: =Count (DISTINCT OrderID)
- c) Dimension: =Class (Margin, 250, 'Margin' )  
Expression: =Count (DISTINCT OrderID)
- d) Dimension: =Aggr (Sum (Margin) ,OrderID) )  
Expression: =Count (DISTINCT OrderID)

**Answer: c**

**Question: 7**

A data architect who works on a 64-bit PC needs to set up a 32-bit OLE DB connection. The data architect needs to communicate to QlikView which DB connector needs to be used.

Which step should the data architect perform?

- a) Select 32-bit connector from the drop-down list
- b) Let QlikView automatically choose the correct connector
- c) Select OLE DB 32-bit from the drop-down list
- d) Check Force 32-bit

**Answer: d**

**Question: 8**

A data source contains metadata, which describes the content of the data fields. How can the metadata for specific fields be shared with other data architects within QlikView?

- a) Add metadata as a data row
- b) Add metadata as a data column
- c) Add metadata by using the Comment command
- d) Add metadata to a text-based .meta file

**Answer: c**

**Question: 9**

A data architect creates an application for a hospital, which admits patients for various procedures. The hospital managers want to see the relationship between the patient's duration of stay and the total payment.

Which object should the data architect use?

- a) A treemap using Patient Name and Duration of Stay as the dimensions, and Total Payment as the measure
- b) A scatter chart with Patient Name as the dimension, and Duration of Stay and Total Payment as the measures
- c) A line chart with Patient Name as the dimension, and Duration of Stay and Total Payment as the measures
- d) A bar chart with Patient Name as the dimension, and Duration of Stay and Total Payment as the measures

**Answer: b**

**Question: 10**

Which two additional features will QlikView Publisher provide that are NOT available in QlikView Enterprise Server?

(Select two.)

- a) Scheduling, monitoring, and managing complex dependencies for reloads
- b) Publishing a reloaded document to a specified folder location
- c) Full third-party LDAP connectivity through the QlikView Document Metadata Service
- d) Loop and Reduce functionality from the same template with different datasets
- e) Clustering multiple QlikView servers for scalability

**Answer: b, d**

## What Study Guide Works Best in Acing the QV12DA QlikView Data Architect Certification?

The QV12DA study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

### Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the QlikView Data Architect exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

### Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

### Get Expert Advice from the Training:

Do not forget to join the Qlik QV12DA training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

## **Get Access to the PDF Sample Questions:**

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

## **Avoid Dumps and Utilize the Qlik QV12DA Practice Test:**

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, QV12DA practice tests always stand out to be the better choice than dumps PDF.

## Avail the Proven QV12DA Practice Test for Success!!!

Do you want to pass the QV12DA exam on your first attempt? Stop worrying; we, AnalyticsExam.com are here to provide you the best experience during your QlikView Data Architect preparation. Try out our free mock tests to get a glimpse of our quality study materials, and build your confidence with the premium [QV12DA practice tests](#). Our expert-designed questions help you to improve performance and pass the exam on your first attempt.
