## Enhance Knowledge with CBAP Sample Questions:

### Question: 1

An organization maintains a central repository for managing new products that are brought into the organization. This central repository was built over a decade ago, initially starting in a spreadsheet, then moved to various iterations of a custom solution built in house.

There are many pitfalls in the current implementation and it does not have clear set of baseline requirements. The organization wants to improve the process. A business analyst (BA) is tasked to start the requirement elicitation.

Which of the following should the BA do?

- Document the current solution's existing functionality
- Develop the performance measures for the new solution
- Create a wish list of desired performance functionality
- Review the features of commercial off-the-shelf products

**Answer: a**

- a) Learning and growth, transition states, customer, supplier
- b) External business process, internal business process, customer, financial
- c) Gap analysis, change strategy, solution scope, business requirements
- d) Learning and growth, business process, customer, financial

**Answer: d**

**Question: 10**

A business analyst (BA) meets with a long-tenured vice president who expresses disagreement with the objectives of the project on which the BA is currently engaged.

In what way does the vice president impact the BA's next step?

- a) The vice president's high level of influence will cause the BA to leverage the organizational modelling technique.
- b) The vice president's decision making authority will cause the BA to develop a new stakeholder engagement approach.
- c) The vice president's negative attitude towards the project will cause the BA to leverage the risks analysis and management technique.
- d) The vice president's disagreement with the project's objectives will cause the BA to leverage the stakeholder list, map, or personas technique.

**Answer: c**

## **What Study Guide Works Best in Acing the IIBA CBAP Business Analysis Professional Certification?**

The CBAP study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

### **Explore the Syllabus Topics and Learn from the Core:**

If you are determined to earn success in the Business Analysis Professional exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

## Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

## Get Expert Advice from the Training:

Do not forget to join the IIBA CBAP training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

## Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

## Avoid Dumps and Utilize the IIBA CBAP Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, CBAP practice tests always stand out to be the better choice than dumps PDF.
