Enhance Knowledge with PgMP Sample Questions:

Question: 1

As program manager, you follow a detailed closure process that was developed by the enterprise program management office (EPMO). You have customized this procedure somewhat to fit the unique requirements of your program.

Project C is now in its closing phase. This means it is your responsibility to—

- a) Conduct a performance review with the project team members
- b) Reallocate resources to other program components
- c) Perform a final performance review
- d) Update personnel records

Answer: b

Question: 2

Your program has seven projects in it. You have a PMO as well, which will support your program, and a core team of five people who also report to you.

However, you are working now to manage the resources of your program, and you need to consider as you do so—

- a) Information from status reports
- b) The program's communications management plan
- c) Preparing a human resource plan
- d) Establishing an adequate compensation plan

Answer: c

Question: 3

You are the program manager on a multiyear, multimillion-dollar transportation program for the provincial government. Funding for your program is allocated on a fiscal year basis, yet your program transcends multiple years.

Because of the challenges in cost estimating and the lack of additional funding to support your program, as program manager in preparing the financial management plan, you should—

- a) Ensure infrastructure and operational costs are included
- b) Establish a set amount for the contingency reserve
- c) Derive program estimates by using scenario analysis
- d) Baseline each estimate

Answer: b

Question: 4

As a program manager, once your team is in place you need to focus on—

- a) Providing mentoring
- b) Setting up a team-based reward and recognition system
- c) Promoting integrity in all interactions
- d) Striving to be a role model for the team

Answer: c

Question: 5

Because of their size, complexity, and duration, programs tend to be more important than projects in most organizations, and program managers tend to interact more with senior management, often through the Governance Board or steering committee that oversees the program.

Throughout the program, it is especially important to monitor and control program changes. It is helpful to—

- a) Conduct impact assessments
- b) Authorize funding for each change
- c) Update the scope statement
- d) Influence factors that lead to change with effective program metrics

Answer: a

Question: 6

Assume you prepared a benefits register for use on your program. You decide to review it with your key stakeholders to—

- a) Obtain buy in to begin developing the benefits realization plan
- b) Determine if benefit achievement is occurring within key parameters
- c) Define and approve key performance indicators
- d) Determine how best to transition benefits to operations

Answer: c

Question: 7

It is important to address and control scope changes on programs to ensure successful program completion. These scope changes can originate from many sources including—

- a) Risks
- b) Resource reallocations
- c) Missed milestones
- d) Architecture issues

Answer: d

Question: 8

As the company's risk expert, you have been requested by the program Governance Board to perform a risk assessment on the Apex program, which includes more than 25 projects. The focus of your assessment should be on—

- a) Analyzing response mechanisms for individual components
- b) Ensuring that each project has a risk mitigation plan
- c) Stakeholder risk tolerance and thresholds
- d) Interproject risks

Answer: d**Question: 9**

On your program, you have identified over 50 internal and external stakeholders, and have three projects in your program. You are providing regular updates on the status and specific requirements of your program to these stakeholders.

A key focus in performance reporting is information on—

- a) Cost and schedule status
- b) Use of resources to deliver program benefits
- c) Issues to be discussed at program Governance Board meetings for decisions to move to the next phase
- d) Activities to determine whether specific work results have been completed

Answer: b**Question: 10**

You are preparing for a meeting of your Governance Board. This meeting is a decision point review based on the need to—

- a) Approve initiation of a component
- b) Confirm stakeholder satisfaction with current performance
- c) Confirm that a component has satisfied its business case
- d) Determine if benefits are being realized as stated in the benefit realization plan

Answer: b

What Study Guide Works Best in Acing the PMI PgMP Program Management Certification?

The PgMP study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the Program Management exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the PMI PgMP training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the PMI PgMP Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, PgMP practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven PgMP Practice Test for Success!!!
