- a) at least one label
- b) at least one goal
- c) at least one Submit button
- d) at least one entity collect
- e) at least one stage
- f) at least one screen

Answer: b, c, f

### Question: 2

Which three statements about Error rules are true?

- a) Error rules can only be written in English.
- b) An Error rule can include substitution (for example, the person's name) in the error text.
- c) The conditions on an Error rule could include attributes from more than one entity.
- d) An Error rule could be used to ensure a document has been uploaded.
- e) An Error rule could prevent the person from answering that they are both male and pregnant.

Answer: a, b, c

**Question: 3**

Consider the following excerpt from source material for a building permit: "The City believes that the beauty of its lands is important.

Any owner of an existing building that exceeds three stories within city limits must pay an additional yearly fee. The fee is \$100 for every story in excess of 3." A rule concludes: An owner must pay an additional fee yearly fee if \_\_\_\_\_.

Which three options complete the conditions for this rule based on the requirements?

- a) the city believes the beauty of its lands is important
- b) the number of building stories > 3
- c) the building is an existing building
- d) the fee = (the number of building stories - 3)\*100
- e) the building is located within city limits

**Answer: b, c, e**

**Question: 4**

Which action creates a shared version of a project for two policy modelers to work on together?

- a) Project tab | Inclusions | Add
- b) Project tab | Upload changes
- c) Project tab | Deploy snapshot
- d) Project tab | Add project to repository
- e) Project tab | Open project from Hub
- f) Project tab | Share a copy of this project

**Answer: a**

**Question: 5**

When creating your rules, you have used the attribute "the gun fired accidentally". When adding this input to a screen, you notice that the question form of this attribute is "Is the gun fired accidentally true?".

In which way should you resolve this issue to ensure that the word "true" is not included in any text shown to the interview user (including explanations)?

- a) Add the verb "to fire" and change the attribute sentence forms in the Edit Attribute dialog box.
- b) Remove the word "accidentally" from the attribute text.
- c) Create a custom attribute text in the Edit Attribute dialog box.
- d) Change the question text on the screen.
- e) Add the verb "to fire".

**Answer: c**

**Question: 6**

You are asked to make a pdf-formatted form available for download at the end of an interview, containing all responses that the user provided during the interview.

Which three steps are required to accomplish this?

- a) In the Interview tab, add a form control on the final screen.
- b) Using labels and other controls, re-create the content of the form on the final interview screen.
- c) Create a form template using BI Publisher containing values referenced from OPA.
- d) Link to a pre-made pdf on the final screen of the interview, containing a list of all possible questions that may be posed in the interview.
- e) Add names to the attributes you want to include in the form.
- f) Add an upload control in your final interview screen.

**Answer: b, c, e**

**Question: 7**

Which two statements about connectors and grouping operators are correct?

- a) The ALL grouping operator sits at the same level as the conditions it is grouping.
- b) The grouping operator sits at the same level as the conditions it is grouping.
- c) Grouping operators reduce ambiguity in rules.
- d) A rule may contain AND and OR connectors.
- e) AND and OR connectors must always be on separate lines to the attributes they are connecting.

**Answer: d, e**

**Question: 8**

An inclusion has had certain assets overridden in the destination project. What happens when the inclusion is updated?

- a) Changes in the destination project are overridden to match the updated inclusion.
- b) Changes made in the destination project are left unchanged, but all other inclusion updates are applied.
- c) An error occurs.
- d) The policy modeler has the choice whether to accept or reject the change.

**Answer: d**

**Question: 9**

A customer has requested an interview that will create an incident in Service Cloud along with a number of tasks (linked to the incident).

From a data mapping perspective at the entity level, how can this be achieved with the minimum number of steps?

- a) Map the global entity to the Incident object and create an entity for Task object. Map the child entity to the Task object in Service Cloud.
- b) Map the global entity to both the Task and Incident objects, because primary objects can be mapped to directly.
- c) Do not map the global entity. Create entities for both the task and incident objects and map these to the corresponding objects in Service Cloud.
- d) Map the global entity to the Task object and create an entity for the Incident object. Map the child entity to the Incident object in Service Cloud.
- e) Create a relationship between Tasks and Incidents in Service Cloud, map the global entity to the Task object and create a child entity for the Incident.

**Answer: d**

**Question: 10**

What is the purpose of an interview goal?

- a) to drive which screens should be displayed in the interview
- b) to test the policy model
- c) to ensure that all necessary data needed to display an explanation has been collected
- d) to identify the top-level attributes in the policy model
- e) to collect data on why the end user is using the interview

**Answer: e**

# What Study Guide Works Best in Acing the Oracle 1Z0-1035-23 Intelligent Advisor Implementation Professional Certification?

The 1Z0-1035-23 study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

## Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the Intelligent Advisor Implementation Professional exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

## Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

## Get Expert Advice from the Training:

Do not forget to join the Oracle 1Z0-1035-23 training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

## Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

## **Avoid Dumps and Utilize the Oracle 1Z0-1035-23 Practice Test:**

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, 1Z0-1035-23 practice tests always stand out to be the better choice than dumps PDF.
