Enhance Knowledge with C_C4H620_34 Sample Questions:

Question: 1

You are implementing a website using screen-sets and the Web SDK. Which code statement would determine if a user has an active session?

Please choose the correct answer.

- a) gigya.accounts.getAccountInfo({callback: function(response) { if (response.errorCode === 0) { //Logged in } } });
- b) gigya.accounts.getAccountInfo({callback: function(response) { if (response.errorCode === 200) { //Logged in } } });
- c) gigya.accounts.getAccountInfo({callback: function(response) { if (response.statusCode === 0) { //Logged in } } });
- d) gigya.accounts.getAccountInfo({callback: function(response) { if (response.statusCode === 200) { //Logged in } } });

Answer: a

Question: 2

What must you consider when creating a site group?

There are 2 correct answers to this question.

- a) Sites in the group must have SSO enabled.
- b) Sites in the group must share the same customer accounts.
- c) Sites in the group can NOT use SSO segments if global site groups are used.
- d) Sites in the group must be in the same data center.

Answer: b, d

Question: 3

You are setting up SAP Customer Data Cloud as an OIDC RP to authenticate users via a third-party OP. What do you require from the OP in order to finalize the setup?

There are 3 correct answers to this question.

- a) Authentication endpoint
- b) Client secret
- c) Scopes
- d) UserInfo endpoint
- e) Access token

Answer: b, c, d

Question: 4

You created a new Data Store type called behavior. You are running the following query:

SELECT behavior.data FROM ds WHERE UID = 12345

The search is returning no results, although UID 12345 exists in the SSO group. What is your analysis?
Please choose the correct answer.

- a) The command is correct and this user has no data.
- b) The command is incorrect and should be SELECT * FROM ds WHERE UID = 12345.
- c) The command is incorrect and should be SELECT behavior.* FROM ds WHERE UID = 12345.
- d) The command is incorrect and should be SELECT * FROM behavior WHERE UID = 12345.

Answer: d

Question: 5

You are implementing a native registration flow using the mobile SDK as follows:

1. Call accounts.initRegistration
2. Call accounts.register with the loginID and password, and regToken. Account goes to pending registration status - missing required fields
3. Call accounts.setAccountInfo with required fields data
4. Call accounts.finalizeRegistration

However, you are getting a permission error when performing step 3. Which parameter(s) should be passed to stop the error?

Please choose the correct answer.

a) An app key and secret
b) The regToken
c) The loginID and password
d) The UID

Answer: b

Question: 6

How can you attach custom logic to login and logout events?

There are 3 correct answers to this question.

a) By implementing the onLogout function
b) By implementing the onLogin function
c) By overwriting the gigya.accounts.login() function
d) By overwriting the gigya.accounts.logout() function
e) By defining new handlers using the gigya.accounts.addEventHandler() function

Answer: a, b, e

Question: 7

Using the SAP Customer Data Cloud JavaScript Web SDK, you want to add additional behavior data in the store in the form of an array. Which function should be used?

Please choose the correct answer.

- a) gigya.ds.setSchema()
- b) gigya.accounts.store()
- c) gigya.ds.store()
- d) gigya.accounts.setAccountInfo()

Answer: c

Question: 8

You are implementing Google social login using the Android SDK. What do you need to include in the manifest configuration?

There are 2 correct answers to this question.

- a) The Google application ID
- b) The Google auth library
- c) The Google client ID
- d) The Google data center

Answer: b, c

Question: 9

Which email templates can you manage within the Console?

There are 3 correct answers to this question.

- a) Email Verification
- b) Account Deletion
- c) Account Update
- d) Account Linking
- e) TFA Email Verification

Answer: a, b, e

Question: 10

Please choose the correct answer.

a) token
b) code
c) none
d) any

Answer: c

What Study Guide Works Best in Acing the SAP C_C4H620_34 Customer Data Cloud Certification?

The C_C4H620_34 study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the Customer Data Cloud exam, getting in full touch of the **syllabus** is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the SAP C_C4H620_34 training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a **PDF format** or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the SAP C_C4H620_34 Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, C_C4H620_34 practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven C_C4H620_34 Practice Test for Success!!!
