Enhance Knowledge with ASF Sample Questions:

Question: 1

What is the most efficient and effective method of transferring information to and between the Developers?

  a) E-mail
  b) Social media
  c) Face-to-face
  d) Telephone

Answer: c

Question: 2

When does product backlog refinement take place?

  a) Only at the start of a sprint
  b) Only during the sprint retrospective
  c) Only during the sprint review
  d) Throughout the sprint

Answer: d

Question: 3

A team is transitioning to Scrum. They already had a role called project coordinator, who helps creating a smooth working environment for all project members. What is accountable for this after the transition?

  a) Developer
  b) Product Owner
  c) Project manager
  d) Scrum Master

Answer: d

Question: 4

A Product Owner wants a product backlog item to be completed in two days. The Developers working on the item think it will take five days to complete it. The Scrum Master thinks it takes three days. A subject matter expert, who has worked on similar items in the past, thinks it should be at most a one-day effort.

Whose estimate should be used for planning?

   a) The Developer's
   b) The Product Owner's
   c) The Scrum Master's
   d) The subject matter expert's

Answer: a

Question: 5

In the past 8 sprints, the Developers have completed 72 story points in total. The Scrum team is asked to start working on a new project which is estimated at 56 story points.

How many Sprints are needed to complete this project?

   a) 10
   b) 8
   c) 5
   d) 7

Answer: d

Question: 6

Is it allowed to override the Product Owner's decisions regarding Product Backlog content?

   a) Yes, the CEO can override the Product Owner's decisions, because the CEO is ultimately responsible for the entire organization
   b) Yes, the customer can override the Product Owner's decisions, because Scrum is customer-focused, and the customer should receive value
   c) No, Product Owner's decisions may not be overruled because this would cause the Scrum team to adjust their planning too often
   d) No, Product Owner's decisions may not be overruled because the product backlog is fully owned by the Product Owner.

Answer: d

Question: 7

Halfway through a sprint, a team has finished all sprint backlog items. What is the best action to take?

   a) Cancel the rest of the sprint and start a new sprint with new items
   b) Extend the length of the sprint and see if done items can be perfectioned
   c) Pick the next item from the top of the product backlog and add it to the sprint backlog
   d) Shorten the length of the current sprint and shorten the next sprints as well

Answer: c

Question: 8

One person is working on the code and another person is observing and commenting. Occasionally, they switch roles. Which practice is this?

   a) Code review.
   b) Continuous integration.
   c) Pair programming.
   d) Test-driven development.

Answer: c

Question: 9

From which type of team do the best architectures, requirements and designs emerge?

   a) A self-managing team.
   b) A collocated team.
   c) A well-trained team.
   d) An experienced team.

Answer: a

Question: 10

During a sprint, a Developer is working on a task. Who is accountable for this task?

   a) This Developer
   b) The Developers
   c) The Product Owner
   d) The Scrum Maste

Answer: b

What Study Guide Works Best in Acing the ASF EXIN Agile Scrum Foundation Certification?

The ASF study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the EXIN Agile Scrum Foundation exam, getting in full touch of the **syllabus** is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the EXIN ASF training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a **PDF format** or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the EXIN ASF Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can

perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, ASF practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven ASF Practice Test for Success!!!

Do you want to pass the ASF exam on your first attempt? Stop worrying; we, CertFun.com are here to provide you the best experience during your EXIN Agile Scrum Foundation preparation. Try out our free mock tests to get a glimpse of our quality study materials, and build your confidence with the premium **ASF practice tests**. Our expert-designed questions help you to improve performance and pass the exam on your first attempt.
