Enhance Knowledge with PDPF Sample Questions:

Question: 1

According to the principle of purpose limitation, data should not be processed beyond the legitimate purpose defined. However, further processing is allowed in a few specific cases, provided that appropriate safeguards for the rights and freedoms of the data subjects are taken.

For which purpose is further processing not allowed?

- a) For archiving purposes in the public interest
- b) For direct marketing and commercial purposes
- c) For generalized statistical purposes
- d) For scientific or historical research purposes

Answer: b

Question: 2

A breach of security that leads to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to, personal data transmitted, stored or otherwise processed. What is the exact term that is associated with this definition in the GDPR?

- a) Confidentiality violation
- b) Personal data breach
- c) Security breach
- d) Security incident

Answer: b

Question: 3

A natural or legal person, public authority, agency or other body which, alone or jointly with others, determines the purposes and means of the processing of personal data. Which role in data protection is defined here?

- a) Controller
- b) Processor
- c) Supervisory authority
- d) Third party

Answer: a

Question: 4

Personal data shall be adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed. Which data processing principle is described here?

- a) Purpose limitation
- b) Fairness and transparency
- c) Accuracy
- d) Data minimization

Answer: d

Question: 5

Which data subject right is explicitly defined by the GDPR?

- a) Personal data must always be erased if the data subject requests this.
- b) A copy of personal data must be provided in the format requested by the data subject
- c) Personal data must always be changed at the request of the data subject.
- d) Access to personal data must be provided free of charge for the data subject.

Answer: d

Question: 6

When personal data are processed, who is ultimately responsible for demonstrating compliance with the GDPR?

- a) Supervisory authority
- b) Processor
- c) Data protection officer (DPO)
- d) Controller

Answer: d

Question: 7

The GDPR does not define privacy as a term but uses the concept implicitly throughout the text. What is a correct definition of privacy as implicitly used throughout the GDPR?

- a) The fundamental right to protection of personal data, regardless of how it was obtained
- b) The right not to be disturbed by uninvited people, nor being followed, spied on or monitored
- c) The right to respect for one's private and family life, home and personal correspondence
- d) The right to freedom of opinion and expression and to seeking, receiving and imparting information

Answer: c

Question: 8

Organizations are obliged to keep a number of records to demonstrate compliance with the GDPR. Which record is not obligatory according to the GDPR?

- a) A record of all intended processing together with the processing purpose(s) and legal justifications
- b) A record of data breaches with all relevant characteristics, including notifications
- c) A record of notifications sent to the supervisory authority regarding processing of personal data
- d) A record of processors including personal data provided and the period this data can be retained

Answer: c

Question: 9

A security breach has occurred in an information system that also holds personal data. According to the GDPR, what is the very first thing the controller must do?

- a) Ascertain whether the breach may have resulted in loss or unlawful processing of personal data
- b) Assess the risk of adverse effects to the data subjects using a data protection impact assessment (DPIA)
- c) Assess whether personal data of a sensitive nature has or may have been unlawfully processed
- d) Report the breach immediately to all data subjects and the relevant supervisory authority

Answer: a

Question: 10

A shopkeeper wants to register how many visitors enter his shop every day. A system detects the MAC- address of each visitor's smartphone. It is impossible for the shopkeeper to identify the owner of the phone from this signal, but telephone providers can link the MAC-address to the owner of the phone.

According to the GDPR, is the shopkeeper allowed to use this method?

- a) No, because the telephone's MAC-address must be regarded as personal data.
- b) No, because the telephone providers are the owners of the MAC-addresses.
- c) Yes, because the shopkeeper cannot identify the owner of the telephone
- d) Yes, because the visitor has automatically consented by connecting to the Wi-Fi

Answer: a

What Study Guide Works Best in Acing the EXIN PDPF Privacy and Data Protection Certification?

The PDPF study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the Privacy and Data Protection exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the EXIN PDPF training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the EXIN PDPF Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, PDPF practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven PDPF Practice Test for Success!!!
