Books / Training	HCIE-Datacom V1.0 Training
Schedule Exam	Pearson VUE
Sample Questions	Huawei HCIE-Datacom Sample Questions
Practice Exam	Huawei H12-891 Certification Practice Exam

Enhance Knowledge with H12-891 Sample Questions:

Question: 1

Regarding the following BGP route policy configuration, which statement is correct?

- a) As long as the BGP route carries a community attribute value of 100:1, the BGP route matches the route policy above. The AS-PATH attribute of the matching route is changed to 200.
- b) Only if the BGP route carries an AS-PATH of 100, the BGP route matches the route policy above. The AS-PATH attribute that matches the route is changed to 200.
- c) The BGP route matches the above only if the BGP route carries a community attribute value of 100:1 AND the AS-PATH is 100. The AS-PATH attribute that matches the route is changed to 200.
- d) The BGP route matches the above only if the BGP route carries a community attribute value of 100:1 OR if the AS PATH is 100. The AS-PATH attribute that matches the route is changed to 200.

Answer: c

Question: 2

By default, which of the following security MAC address types lose table entries after the device restarts?

- a) Sticky MAC address
- b) Black hole MAC address
- c) Secure static MAC address
- d) Secure dynamic MAC address

Answer: d

Question: 3

Which of the following statements about the aggregate command in BGP are correct?

- a) If origin-policy is configured, only detail routes that match route-policy can participate in aggregation.
- b) If suppress-policy is configured, aggregate routes are also generated, and the if-match clause in route-policy is used to pick suppressed detail routes. Detail routes that match route-policy are still advertised to other BGP neighbors.
- c) If you configure the interface-policy, you can change the properties of the aggregate route.
- d) If as-set is configured, the AS_PATH of the aggregate route contains AS path information for all specific routes in case the route loop is blocked.

Answer: a, c, d

Question: 4

What are the following statements about 802.1X, RADIUS, and HWTACACS authentication? (Multiple choice)

- a) Users can use 802.1X authentication to access the network and complete identity authentication through RADIUS.
- b) RADIUS authentication and HWTACACS authentication can perform two-factor authentication for the same user at the same time, which is more secure.
- c) RADIUS authentication and HWTACACS authentication are mutually exclusive and cannot be two-factor authentication for the same user at the same time.
- d) RADIUS authentication is mutually exclusive with 802.1X authentication.

Answer: a, c

Question: 5

The switch role in a stacking system does not include which of the following?

- a) From the switch
- b) Candidate Switch
- c) Standby Switch
- d) Primary Switch

Answer: b

Question: 6

- a) The transmission of Syslog messages is not secure
- b) The transmission of Syslog messages is reliable
- c) The transmission of Syslog messages is confirmable
- d) The transmission of Syslog messages is secure
- e) The transmission of Syslog messages is not acknowledgeable
- f) The transmission of Syslog messages is unreliable

Answer: a, e, f

Question: 7

You need to access the subnets of different VPNs in the VXLAN network. One subnet exports RT=10:1000 in the EVPN instance and RT=100:1000 in the VPN instance. Which of the following can be broadcasted to another subnet?

- a) All EVPN instances are 1000:1000
- b) In VPN instances, it is 10:10
- c) 1000:1000 appears in VPN instances
- d) EVPN implements 1000:1000 export

Answer: c, d

Question: 8

A router receives a BGP route with the community attribute NO-Export, how will the router handle the BGP route?

- a) The route is advertised normally, but the route is not used to forward data.
- b) Advertise only to IBGP neighbors.
- c) No more advertising to other BGP routers.
- d) Drop the route directly.

Answer: b

Question: 9

To build a loop-free Layer 2 network, which is the optimal solution? (Single Choice)

- a) Stacking + Link Aggregation
- b) Link Collection + MSTP
- c) TRILL+MSTP
- d) MSTP

Answer: a

Question: 10

Which of the following sequences can be matched by the regular expression $^{(100|200)}.*\$?$

- a) 300200 100
- b) 200 100 300
- c) 100 200 300
- d) 100,300,200

Answer: b, c

What Study Guide Works Best in Acing the Huawei H12-891 HCIE-Datacom Certification?

The H12-891 study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the HCIE-Datacom exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the Huawei H12-891 training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the Huawei H12-891 Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, H12-891 practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven H12-891 Practice Test for Success!!!

Do you want to pass the H12-891 exam on your first attempt? Stop worrying; we, CertFun.com are here to provide you the best experience during your Huawei Certified ICT Expert-Datacom preparation.
