Passing Score	Pass / Fail
Books / Training	Esri ArcGIS Maps SDK for JavaScript Associate Certification 2024
Schedule Exam	Pearson VUE
Sample Questions	Esri ArcGIS Maps SDK for JavaScript Associate Sample Questions
Practice Exam	Esri EJSA_2024 Certification Practice Exam

Enhance Knowledge with EJSA_2024 Sample Questions:

Question: 1

What must be set for a feature layer to support labeling?

- a) layer.enableLabeling = true
- b) labelingInfo with an array of LabelClass objects
- c) renderer.labelEnabled = true
- d) layer.symbol.label = "true"

Answer: b

Question: 2

You are building a dashboard that shows the number of schools within each district. What approach should be taken to retrieve and display this aggregated information?

- a) Use Query.returnStatistics = true and specify groupByFieldsForStatistics
- b) Use FeatureLayerView.queryFeatures() with returnCentroid
- c) Use a QueryTask with the returnCountOnly parameter set to true
- d) Use a Renderer with a visualVariables property

Answer: a

Question: 3

Which tool would you use to adjust the UI layout in a SceneView to account for overlapping widgets?

- a) view.reorderWidgets()
- b) CalciteThemeManager
- c) view.padding
- d) esri/widgets/UIGrid

Answer: c

Question: 4

Which JavaScript feature allows you to pause the execution of an asynchronous function until a Promise is resolved?

- a) Promise.defer()
- b) then/catch
- c) yield/return
- d) async/await

Answer: d

Question: 5

How can a developer register their OAuth 2.0 application for use with ArcGIS Online before implementing login flows in their web app?

- a) By adding a clientId to the view constructor
- b) By setting the token property in each widget
- c) By creating an application in the ArcGIS Developer dashboard
- d) By running registerOAuth() method in JavaScript

Answer: c

Question: 6

What is the effect of calling `view.container = null` in a JavaScript mapping application?

- a) It reloads the view in fullscreen
- b) It detaches the map view from the DOM and removes all UI
- c) It resets the map extent to its default
- d) It disables all event listeners attached to the view

Answer: b

Question: 7

What is the effect of using `featureReduction: { type: "cluster" }` in a `FeatureLayer`?

- a) It removes overlapping features
- b) It groups nearby features into visual clusters
- c) It simplifies the geometry of features
- d) It hides duplicate attribute values

Answer: b

Question: 8

When building a tool that allows users to find all features that intersect a drawn polygon, which ArcGIS Maps SDK class provides the necessary methods for creating and managing these user-defined geometries?

- a) `SketchViewModel`
- b) `Graphic`
- c) `QueryTask`
- d) `FeatureLayer`

Answer: a

Question: 9

When developing a map-based web application, which JavaScript language feature should be used to handle asynchronous tasks such as loading a web map or querying a layer?

- a) Callback functions only
- b) `setTimeout` with polling loops
- c) Synchronous function blocks
- d) JavaScript Promises

Answer: d

Question: 10

You want to include a Layer List and Legend widget in a custom web application. What must be true about your map and code?

- a) The layer list will only work if MapView is in 3D mode
- b) Both widgets require that FeatureLayer be added before initialization
- c) Each widget must be passed the view and container as initialization properties
- d) You must import a layout manager from Calcite to use them

Answer: c

What Study Guide Works Best in Acing the Esri EJSA_2024 ArcGIS Maps SDK for JavaScript Associate Certification?

The EJSA_2024 study guide is a combination of some proven study tips and the combination of all valuable study materials like sample questions, syllabus and practice tests in one place.

Explore the Syllabus Topics and Learn from the Core:

If you are determined to earn success in the ArcGIS Maps SDK for JavaScript Associate exam, getting in full touch of the [syllabus](#) is mandatory. During preparation, you might not like all syllabus sections or topics, but try to get at least the fundamental knowledge from the sections you don't like. The more you possess knowledge on all syllabus sections, the more is the chance to attempt maximum number of questions during the actual exam.

Make Your Schedule:

Studying and completing the syllabus becomes easier, if you work on the syllabus topics after making a schedule. Your syllabus must mention what areas you want to cover and within what time. Once you make a schedule and follow it regularly, syllabus completion becomes easier and preparation becomes smoother.

Get Expert Advice from the Training:

Do not forget to join the Esri EJSA_2024 training if it is providing any. Training enhances the practical knowledge of a candidate, which helps them to work well in the practical field during projects.

Get Access to the PDF Sample Questions:

If your study material is in a [PDF format](#) or the materials are mobile-friendly, what could be better than that? Get access to the free sample questions and keep enhancing your knowledge beyond the syllabus.

Avoid Dumps and Utilize the Esri EJSA_2024 Practice Test:

Why should you rely on practice tests? The reason is simple: you must get familiar with the exam pattern before reaching the exam hall. An aspirant aware of the exam structure and time management during the exam preparation can perform well in the actual exam and attempt the maximum number of questions during the exam.

Many aspirants prefer to read from dumps, but they miss out on the self assessment method. Therefore, EJSA_2024 practice tests always stand out to be the better choice than dumps PDF.

Avail the Proven EJSA_2024 Practice Test for Success!!!

Do you want to pass the EJSA_2024 exam on your first attempt?
